

AYUB MEDICAL COMPLEX ABBOTTABAD

Department Referral Guide

Knowledge Base Category: Departments

General Routing

- Urgent or life-threatening conditions should use emergency services.
- Non-emergency patients are routed according to the clinical problem and referral instructions.
- Referral requirements may differ between departments.

Example Routing

Severe chest pain or breathing difficulty	Emergency Department
Major injury or suspected fracture	Emergency Department initially; Orthopedics may be involved
Persistent adult medical symptoms	Medicine
Child with an illness	Pediatrics
Pregnancy-related concern	Obstetrics & Gynecology
Need for imaging	Relevant clinical service may request Radiology
Need for laboratory testing	Ordering clinical service coordinates with Laboratory/Pathology

Referral Information
