

AYUB MEDICAL COMPLEX ABBOTTABAD

Medication and Infection Prevention Safety

Knowledge Base Category: Patient Safety

Medication Safety

- Verify the correct patient, medication, dose, route, and timing.
- Review known allergies.
- Clarify unclear or conflicting medication orders through authorized clinical channels.
- Patients should not change prescribed medicines without appropriate clinical advice.

Infection Prevention

- Perform hand hygiene at appropriate moments.
- Use personal protective equipment according to the task.
- Follow isolation and infection-control instructions.
- Dispose of sharps and clinical waste in designated containers.

Patient and Visitor Responsibilities

- Follow hand-hygiene instructions.
- Tell staff about relevant infectious symptoms.
- Do not touch clinical equipment or medication supplies without permission.
- Follow visitor restrictions when instructed.
